National Alcohol and Drug Addiction Recovery Month (Recovery Month), which is supported by the Substance Abuse and Mental Health Services Administration (SAMHSA) of the U.S. Department of Health and Human Services.

This year marks the 15th annual observance of **Recovery Month**, which celebrates people in recovery from alcohol and drug use disorders and promotes the need for better treatment access.

Alcohol and drug use disorders have devastating health and societal consequences, and our community is not immune to these problems.

Recovery Month is an opportunity for us to highlight the benefits of treatment and encourage everyone to appreciate the journey of recovery.

The **Recovery Month 2004** theme, "**Join the Voices for Recovery ... Now!**" encourages communities to take immediate action to improve local residents' access to recovery. **Recovery Month** celebrates the successes of people in recovery and acknowledges these individuals in the treatment field who dedicate their lives to helping people with alcohol and drug use disorders.
