Community mental health & mental retardation services vital to consumers & community!

❖❖❖ THE MH/MR COALITION NEEDS YOUR HELP!!! ❖❖❖

The MH/MR Coalition continues to commit energy and resources to working collaboratively toward solutions which will ensure the recruitment and retention of qualified staff. This is evident in our budget funding requests as well as ongoing administrative efforts. As the MH/MR Coalition develops the economic/workforce development argument to promote the industry, there is a void of information. Anecdotal information tells us that we have more workers than Wal-Mart, the state's largest employer. Help us determine if this is true! We need to be able to say with authority to the Governor and legislators that we are an important workforce in this Commonwealth that must be at the table in workforce and economic development discussions.

If you have not yet filled out the MH/MR Coalition's online workforce survey, please do so now at

<http://www.surveymonkey.com/s.asp?u=68593204295>

The few minutes it takes to complete this survey will provide the MH/MR Coalition with real numbers to show how large our industries' workforce really is.

If you have any questions while completing the survey, you may contact your provider association or any of the numbers listed below.
