At The Sierra Group we've learned so much from accommodating more than 10,000 employees at your worksites. We want to thank you, our corporate customers and friends as we celebrate the ADA@30 through conversations about what "[Works@Work.](#)"

Sierra is thrilled to announce our recent partnership which expands our reach deeper into programming for Digital Accessibility. Talk with us about all your ADA accommodation questions, and meet our new partners, Tamman, Inc., – together, we offer 360 degree solutions for businesses seeking to include everyone relying on reasonable accommodations.

### ADA@30 & BEYOND

***Ever wish you could spend an hour just asking informal Questions and getting some practical answers about how to provide ADA Accommodations@Work?***

**Here's a chance to do just that!**

*Ask questions | Hear stories | Talk through obstacles & more*

**Why a “Conversations” Approach:** Making a more inclusive workplace takes all of us working together. We care about your questions, and we want to share our knowledge via this small group discussion format.

After almost 30 years of delivering ADA accommodations locally, regionally and nationally, Sierra is ready to be on the forefront of conquering the digital divide and that INCLUDES *“making digital accessibility as common to a website as a curb cut is to a street corner.”*

These intimate conversations will be your chance to talk with us about any and all of these important civil rights issues. To ensure that we can address your inquiries about the timely topic of digital accessibility and the ADA, we are thrilled to welcome in CEO, Michael Mangos of Tamman, Inc. and his team.

Sierra finds that Tamman is a group of like-minded professionals with expertise in digital accessibility. They share our belief that building an inclusive workplace from the physical to the digital actually benefits everyone. Tamman’s CEO, Michael Mangos states: “I began building the inclusive web not because anyone asked me to, but because I believe that access to information is a human right.”

**Together, with you as our guest, we will CONVERSE openly about accommodations, the ADA, WCAG, and how to actually make it Work@Work. This is our way of celebrating the ADA@30. Please join us! Pick a Thursday at 1pm, between August 6<sup>th</sup> and Oct. 1<sup>st</sup>.
