

ODP Announcement

ODP Releases 2016-17 Annual Data Report

ODP Communication 043-18

The mission of the Office of Developmental Programs is to support Pennsylvanians with developmental disabilities to achieve greater independence, choice and opportunity in their lives.

AUDIENCE: All Interested Parties

PURPOSE: To inform individuals that ODP has posted a 2016-17 annual data report, which is available online via the MyODP and DHS websites.

DISCUSSION: The Office of Developmental Programs (ODP) has created this statistical report so that individuals, families, advocates, providers, government officials, and taxpayers can see and measure how many individuals ODP serves, what services are provided, where the individuals live, and what the costs are.

Information about ODP's autism services are listed separately from intellectual and developmental disabilities in some cases within this report. Because the Adult Autism Waiver (AAW) and Adult Community Autism Program (ACAP) are administered directly by the Bureau of Autism Services, and not by the county systems, the information about the programs is tracked and measured through different processes.

Facts and figures are an important but limited view of the service system. We can measure growth in the program, what types of services are prioritized, and how we are investing in people. In addition to this statistical report, ODP has pledged to publish an annual report based on the performance measures developed by ODP's Information Sharing and Advisory Committee (ISAC). The Performance Measures are listed in *Everyday Lives: Values in Action Information, Sharing and Advisory Committee (ISAC) Recommendations, Strategies, and Performance Measures*. This publication is available at the following link:

[Everyday Lives: ISAC Performance Measures](#)

The annual data report is available by using either of the following links:
