

SURVEY: An Opportunity to Make Your Direct Support Professionals' Voices Heard

[Complete & Share the Survey](#)

ANCOR and Relias, our Diamond Partner and underwriter of our annual DSP of the Year Awards, are conducting a study to better understand the experiences of Direct Support Professionals (DSPs) working with individuals with intellectual and/or developmental disabilities. This survey will deepen the understanding gleaned from the DSP survey ANCOR and Relias fielded in 2019. We strongly encourage you to share the survey with your DSPs to provide them with a unique opportunity to have their voices heard.

If you choose to share this survey with your DSPs, we have included an email template you can use to accompany the survey.

The information we are seeking from your DSPs is related to:

- Employee appreciation for DSPs;
- How supervisors can best support DSPs;
- DSP career advancement; and
- Training and onboarding experiences of DSPs.

The information your DSPs provide will be anonymized before being made public. This survey takes only about 15 minutes to complete.

Email template to send to your DSPs on behalf of ANCOR and Relias:

Make Your Voice Heard on The Experiences of DSPs

ANCOR and Relias are conducting a study to better understand the experiences of Direct Support Professionals (DSPs) working with individuals with intellectual and/or developmental disabilities (IDD).

The information you provide will help us better understand issues related to:

- Employee appreciation for DSPs;
- How supervisors can best support DSPs;
- DSP career advancement; and
- Training and onboarding experiences of DSPs.

The information you provide will be anonymized before being made public. This survey takes only about 15 minutes to complete, and upon completion you may choose to be sent an early release copy of the survey's results.
