

Gross Adjustments for ODP Waiver Services

ODP Announcement 22-052

AUDIENCE:

ODP Providers

PURPOSE:

ODP is prepared to begin making Gross Adjustments to providers for the ODP waiver services billed at old fee schedule rates during the months of January and February 2022. It is our intention to do one Gross Adjustment per MPI which will be applied to the providers highest billing service location.

DISCUSSION:

Please complete a brief survey to advise ODP of the status of your January and February billing. The link to the survey can be found by clicking on QuestionPro survey below.

- If your January and February billing was **complete as of May 1, 2022**, ODP will process the Gross Adjustment during May.
- If your January and February billing was **not completed by May 1, 2022**, ODP will wait until June to process the Gross Adjustment.

If we do not receive your response to the [QuestionPro survey](#), we will process your Gross Adjustment in June.

Again, it is our intention to do only one Gross Adjustment per MPI and to have them all complete prior to the end of the fiscal year. **Providers are asked to only submit one survey per MPI.**

The survey will remain open until May 15. Thank you for your on-going support.
