Subject: Workgroup Residential Consumers by Service Location

CAUTION: This email originated outside the company. Do not click links or open attachments unless you are expecting them from the sender.

Good morning,
Attached are the consumers and needs levels served by the workgroup as of 8/31. This encompasses 2,068 of the 14,104 persons in residential, so roughly 15%. I imagine this would be considered a representative sample if the analysis would indicate adjustments to DSP hours.

Thanks for the assistance, Rick
