

# EHR Implementation Discount

For any Behavioral Health and Human Services organization whose current electronic health record (EHR) is not fully meeting their needs, Streamline is offering a SmartCare™ Conversion Discount on the costs for implementing SmartCare™ through 2023. This offer is exclusively for those who complete an introductory Discovery Call by December 31, 2022.

## **An EHR Built for the Long-Term**

Streamline's only product is our SmartCare™ Electronic Health Record (EHR) solution. It is designed with the stability and flexibility to handle the challenges and changing requirements of providing Behavioral Health and Human Services not just today but tomorrow and beyond. As a result, SmartCare™ enables organizations to evolve and grow with the same EHR they've come to know and trust, rather than having to migrate off of an EHR that is being sunset.

## **Explore SmartCare™ Now for a Discount on Implementations through 2023**

We understand how difficult migrating to a new EHR solution can be. For any Behavioral Health and Human Services organization whose current EHR is not fully meeting their needs, Streamline is offering a SmartCare™ Conversion Discount on the costs for implementing SmartCare™ through 2023. This offer is exclusively for those who complete an introductory Discovery Call by December 31, 2022.

To lock in the EHR Implementation Discount for 2023, please reach out to Matthew Mercer at [matthew.mercer@streamlinehealthcare.com](mailto:matthew.mercer@streamlinehealthcare.com) to get an initial discovery call scheduled prior to the end of 2022.
